Senate. Saturday, June 7.  
The Senate was not in session to-day.

**HOUSE OF REPRESENTATIVES.**  
Mr. House, from the Committee on the Judiciary, reported a joint resolution legalizing the action of the President and the Secretary of War in sending agents and tents to the yellow fever sufferers. Passed.

Mr. WENDELL asked leave to offer a resolution authorizing the Secretary of War to convene a board of officers of the Corps of Engineers of the army, whose duty it shall be to receive, together, for railroad purposes, the Detroit River can be bridged at near Detroit.

The House then, at 2 P.M., went into Committee of the Whole Mr. Regan, in the chair, on the bill making additional appropriations for the service of the army.

Mr. WARD opposed the bill and advocated the retention of the legislation passed in February last, increasing the salaries of letter-carriers.

Mr. MILLIS moved to strike out the third section, which provides that letter-carriers may be employed when necessary for the free delivery of mail matter in areas of population of not less than 30,000. Agreed to.

The reading of the bill having been concluded, Mr. MILLIS moved, as a substitute for the bill, an amendment, appropriating \$133,000 for the payment of letter-carriers for the fiscal year ending June 30, 1879.

Mr. COOPER moved to increase the appropriation from \$100,000 to \$133,000.

Mr. BAKER opposed the substitute and advocated the original bill.

The bill was taken on Mr. Cox's amendment (increasing the appropriation to \$133,000) and it was agreed 87 to 61.

After debate the committee rose and the bill was referred to the House.

Mr. KELFEE's substitute, as modified by the Committee, was then adopted—voted 115 to 58; st. Mr. SANDER moved to lay the bill on the table. Date—Year—1879.

The bill was then passed, and the House, at four o'clock, adjourned until Monday.

## GEORGETOWN NEWS.

Collected by Republican Reporters.  
The death of Mary Beulah Morrison, who has been for the past twelve years a nun at the Academy of Visitation, occurred yesterday morning in Philadelphia. She was born in Ireland in 1829, and was converted to the faith at fifteen years. Consumption was the cause of her death. Her remains will be buried in the convent cemetery.

The examination exercises at the Curtis School building will be concluded about the middle of the present month. This will wind up the present school year, and the coming holiday will, no doubt, be followed by a vacation of six weeks. The Curtis School, gives a very encouraging report of the present year.

The large number of steam canal-boats and other canal craft now running up that historic stream is very noticeable. The destination is the celebrated Great Falls, and the floating population is composed of excursionists in the search for pleasure.
